

CALL FOR PAPERS

Journal of Computational and Applied Mathematics

<http://www.elsevier.com/locate/cam>

Special Issue of the NUMAN 2007 Conference

<http://www.math.upatras.gr/numan2007/>

The Conference in Numerical Analysis (NUMAN 2007) “Recent Approaches, Theory, Methods and Applications” was held in Kalamata, Greece (September 3-7, 2007). The aims of the conference were to foster an exchange of views and ideas, to study the theoretical background required for methods, algorithms and techniques used in applications, to search directions of theoretical results towards applications and to highlight open problems and future directions of Numerical Analysis. Extended and completed versions of the papers presented at the conference can be submitted to this Special Issue of the Journal of Computational and Applied Mathematics published by Elsevier.

The *deadline for submission* of papers to the Special Issue is **November 15, 2007**.

Authors are to submit their papers by e-mail to numan2007@math.upatras.gr. All submissions will be acknowledged with a reception e-mail. Submitted papers must contain original unpublished work that is not submitted for publication elsewhere. Submitted papers should be sent as an attached pdf file and should not exceed 15 pages, using the Elsevier LaTeX stylefiles. Manuscripts submitted to this CAM Special Issue will be rigorously refereed in accordance with the standard procedures of the Journal. Additional information about the Elsevier Journal of Computational and Applied Mathematics can be found at <http://www.elsevier.com/locate/cam>

GUEST EDITORS:

Efstratios Gallopoulos

Apostolos Hadjidimos

Ilias S. Kotsireas

Dimitrios Noutsos

Michael N. Vrahatis
