

K. Drakopoulou, I.E. Livieris and P. Pintelas, [The application of wikis in the educational process](#), 2013. 

Abstract - In this work, we present how wikis can be applied in the educational process in order to enhance the learning experience.

We show examples how an educator can create its own wiki or its own workspace in a wiki, and use it in his class to extent collective cognition.

Educators through wikis can be supported and sustained in classroom practices.
